

SHIVRAJ SINGH

FULL-STACK & WORDPRESS DEVELOPER

Indore, India | 9516981528 | shivrajsingh1059@gmail.com

OBJECTIVE

Full-stack and WordPress developer with hands-on experience building responsive, high-conversion websites and web applications. Seeking to leverage front-end and back-end expertise to drive innovation, deliver measurable business results, and contribute to a fast-growing engineering team while continuing to grow professionally.

EXPERIENCE

WordPress Developer | Embtel Web Solution Pvt Ltd

Oct 2025 – Present

Embtel Solutions is a web design agency headquartered in Fremont, California, offering digital marketing and app development services. Building custom, responsive websites and apps that drive higher conversion and generate qualified leads for client brands.

Company: embtelsolutions.com

WordPress Developer | TekPlus Business Consulting and Services

Oct 2024 – Oct 2025

TekPlus is a technology analyst house and corporate end-user consultancy with over twenty years of experience advising senior leadership on business transformation, digitisation, and IT & communications strategy.

- IT & Communications Strategy — supported enterprise IT solutions, cloud computing, and cybersecurity initiatives.
- Business Transformation — contributed to technology adoption strategies for large-scale business improvements.
- SaaS & Enterprise Software — evaluated and recommended SaaS-based LMS, CRM, and ERP solutions.
- Data Analytics & Market Research — conducted competitive analysis and industry benchmarking.
- Consulting & Advisory — delivered actionable insights to executive leadership teams.

PROJECTS

International Evaluations (HTML, CSS, JavaScript)

Designed and developed a responsive, front-end website for a credential evaluation service using vanilla HTML, CSS, and JavaScript, focused on clean UX and cross-browser compatibility.

internationalevaluations.com

TekPlus (WordPress, Elementor)

Built and maintained the corporate website for TekPlus Business Consulting, showcasing the company's services and thought leadership with a modern, professional design.

tekplus.com/site/

USO1 Visa (WordPress, Elementor)

Designed and developed a modern, responsive, and user-friendly immigration services website using WordPress and Elementor.

uso1visa.com

Bay Area Accounting Solutions (MongoDB, React.js, Node.js (MERN))

Developed a full-stack web application for an accounting firm using the MERN stack, covering both front-end UI and back-end API/data layer.

bayareaaccountingsolutions.com

Insurance Directions (WordPress, Elementor)

Created a responsive, user-friendly website for an insurance services provider using WordPress and Elementor.

insurancedirections.com

Library Management System

A software application designed to streamline library operations, including book inventory management, loan tracking, and user registration. Key features include cataloging, search functionality, and report generation to improve workflow efficiency and data organization.
